CONGRATULATIONS TO OUR NEW ASSOCIATE MEMBERS!

The month of February brought many changes and new faces to the Truman State chapter. Most notably, we bid seven new associate members. Pictured from left to right: (top) Ben Wehner, Jordan Ray, Adrien Zambrano; (bottom) Tony Smotherman, Robert Renteria, Ty Ryan, and Nixon Tarrant.

Truman State University experienced a condensed rush week this spring, moving from a

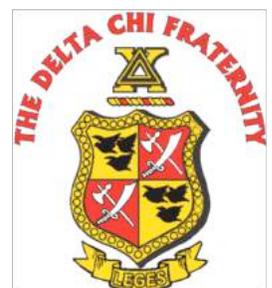

traditional seven-day rush to a shorter four-day rush. Due to the shorter span of time, we had to modify our rush week by holding fewer events. Despite the time constraints, we were able to hold a successful rush week, and we bid seven quality men.

Delta Chi's associate member program was established to teach the men we bid how to be quality members of the fraternity upon initiation. The associate member

program moves away from traditional pledge programs that involve hazing and repetition, and instead focuses on education of knowledge of the fraternity. During the associate member season, typically lasting one semester, associate members learn about the functions of the fraternity, fraternity traditions, and ways they can be involved and give back to the fraternity upon initiation.

FEBRUARY IN BRIEF

The month of February was a busy month for our chapter. We started off the month strong by being chosen as Greek Organization of the Month. Greek Organization of the Month is an award given by the Greek Advisory Board that seeks to recognize one outstanding organization each month for their dedication to the four pillars of Greek Life: Scholarship, Leadership, Integrity, and Commitment. Each month, every Greek organization is eligible to be nominated. The winner is posted on the Truman State University Greek Life website, and a banner featuring the winning organization is hung in front of the library. We worked hard this month to obtain

Greek Organization of the Month and will continue working hard to maintain good PR on campus and be the best chapter we can be.

The Delta Chi Regional Leadership Conference (RLC) for region 4 was held this month. RLC is an annual leadership conference that aims to instruct members and leaders of Delta Chi on how to better their chapter and work to become leaders in their chapters and schools. This year, RLC was held at Minnesota State University, and four of our members attended. At RLC, our members learned valuable instruction on how to better our chapter.

At RLC, our chapter was awarded

the financial management award for the 2013 school year. The financial management award is awarded to the chapter with the best financial planning, best budget, and most efficient use of chapter funds.

Special thanks goes out to Dane Holmes, who served as our chapter treasurer during the 2013 school year.
